

# #11 Consortium Meeting-

## Dr Zeevik Greenberg

### 28-01 March 2018

#### Lisbon

Social Innovation for Local Indian and Israeli  
Communities and Graduate Entrepreneurs

# Project progress in several areas:

- The Group: Relationships, cooperation between partners.
- The Training, according to the different modules
- Developing SINOLABB models in each institution
- Implementation of what is learned in the sessions, project initiatives

# Administrative & Economic monitoring:

- We performed the Administrative and Economic monitoring in most of the institutions.
- Explanations were given regarding how to correctly fill out all the project forms.
- We ask each institution to report every three months on all expenses: trips, time shifts, and decleration.

# Newsletters and dissemination practice

- We have to widen the scope of distribution
- We are collecting addresses of partners and interested in the institutions and organizations connected and we send them our next newsletters.
- We can use the newsletter to publish events that you hold, associated with Silice use the newsletter for your disseminating.

### Welcome Message

BY SAPIR TEAM

Dear Partners,  
We are very excited to share with you the second and very festive addition of NewSILICE.

As we mentioned in the previous release the aim of these newsletters is to create a regular and ongoing communication, update on progress and changes in project work groups and briefly summarize the previous meetings and training. But, this time we also want to introduce you to our new way of connecting with each other and being more socially involved, with our new Facebook page.

Wishing you a pleasant reading,  
Sapir Team

### Previous Consortium Meetings

Kick-Off Meeting hosted by Interdisciplinary Center, Israel  
The aim of the meeting was to set the stage for SILICE project, getting to know members, setting up working teams and developing the first draft of the work plan and basic introduction to project management.

[Click here to review the project three-year work plan](#) and [Click here to read the financial management guidelines and partnership agreement](#)

IDC Meeting with India's Partners, hosted by Savitribai Phule Pune University, India

The objectives of the meeting were to mapping Indian partner expected training outcomes for EU and establishing teams for the project and Sinnolabs.

[Click here to watch the expected training outcomes](#)

CREATED BY SAPIR ACADEMIC COLLEGE

# Three Month Letter

- Program progress report is sent every three months to project managers according to the work packets, in order to make sure all institutions are proceeding according to plan:
- Structural organization
- Staff: Managers and Teachers
- Build a work program
- dissemination

# Roundtable for dissemination

- The Israeli team met and dealt with two topics:
- Building a **'pedagogical center'** for all the content, topics and tools we received during the trainings.
- The tools will be on SILICE Website. Anyone who enters will be able to use these tools.
- Discussion of the **SinnoLAB Vision**, the connection between the SinnoLAB vision and the institution's vision
- The impact and meaning of the vision on creating relationships with partners (stake holders)

# The next Meetings
